Gouweleeuw: The paint shop for vertical transport

In this edition of our newsletter we highlight one of our most recent and impressive projects: the transformation of their Liebherr LTM 1750-9.1 for Sarens PSG Ltd. This impressive crane has undergone a makeover, during which we have painted it in the recognizable corporate colours of Sarens. The project can be seen on the back of our newsletter.

Enjoy reading!

Are you interested in having machines painted? Don't hesitate to contact us! You can easily reach us via our website or by phone. You can also request a quote quickly and without obligation via www.gouweleeuw.com/en/request-quote/.

Sneak Peek of a Tadano AC 500-2

We have started another XXL project! The Tadano AC 500-2 recently arrived in our workshop. We are already busy with the transformation. Here is a sneak peek of this 500-ton telescopic crane that we are going to paint in the corporate colours of Nordic Crane. In the next newsletter we will share the process and the end result of the painting of this crane with you.

2024 Vertikal Days

In September, Gouweleeuw was present at the Vertikal Days for the second time – and what a great edition it was! We were able to welcome many visitors to our stand and introduce them to our working methods, services and various projects. We would like to thank everyone who visited our stand and contributed to this successful event. The fair was a great success for us and we look forward to being there again next year!

Highlighted project: Liebherr LTM 1750-9.1

We have been a leader in our industry for more than 30 years. As a result, we have been able to paint many machines for clients from all over the world in recent years! Below you can see one of our recent projects:

The process video of the Liebherr LTM 1750-9.1 can now be seen on our social media channels and website!

Sarens PSG Ltd. about Gouweleeuw:

"Having had various smaller telescopic cranes painted by Gouweleeuw over the years, and knowing the size of this work's scope and the tight timeline we were working to, we knew there was only one company for this project. The finished result is exactly as I would expect. The crane looks as good as new, and we are absolutely delighted with the quality of the result. Thanks again. "

- Steve Clark, Managing Director.

Transport service

If desired, we can take care of the transport of the crane. We arrange both international transport and transport from the port for you. For example, for G. O'Brien Crane Hire Ltd. (Ireland) we arranged pick-up of their LTM 1230-5 from the port of Rotterdam and we put the crane back on the boat to Ireland upon delivery. Would you like to know more about our transport service? Please do not hesitate to contact us!
